

## END-USE CERTIFICATION

**This End Use Certification (EUC) must be completed, signed and dated (Note: Page 2 must be initialed). BOTH pages are to be returned to eV PRODUCTS before your order can be processed. Please fax a copy of the EUC to eV PRODUCTS at 724-352-4435**

I understand that products supplied by eV PRODUCTS are subject to U.S. export control regulations. Further, I understand and confirm that these goods will not be imported, exported or reexported for any of the activities, end-uses or individuals listed below and on the next page, as dictated by U.S. export control law. This is to certify that the goods being purchased from eV PRODUCTS under our purchase order # \_\_\_\_\_ will be for the following end-use:

- Military                       Medical                       Explosive & Detonator Detection Equipment  
 Space/Satellite               Commercial               Other \_\_\_\_\_

**End-Use Statement:** [Please provide detailed information regarding the end use of the goods being ordered, specifically what the goods will be used for, the purpose, application, and end-use. Statements such as "for use in laboratory" and "for R&D purposes" are **not** acceptable.]

- A. **Chemical/Biological:** Will not be imported or exported to be used in the design, development, production, stockpiling, or use of chemical or biological weapons and their precursors.
- B. **Missiles:** Will not be imported or exported to be used in the design, development, production, stockpiling, or use of missiles, rocket systems or unmanned air vehicles of any range or payload. "Rocket systems" include, but are not limited to, ballistic missile systems, space launch vehicles, and sounding rockets. "Unmanned air vehicles" include, but are not limited to, cruise missile systems, target drones and reconnaissance drones.
- C. **Nuclear:** Product and/or replicas\* thereof will not be used (either directly or indirectly) in sensitive nuclear end-uses, as follows:
1. **Nuclear explosive activities:** Nuclear explosive activities, including research on or development design, manufacture, construction, testing or maintenance of any nuclear explosive device, or components or subsystems of such a device.
  2. **Unsafeguarded nuclear activities:** Activities including research on or development, design, manufacture, construction, operation or maintenance of any nuclear reactor, critical facility, facility for the fabrication of nuclear fuel, facility for the conversion of nuclear material from one chemical form to another or separate storage installation, where there is no obligation to accept International Atomic Energy Agency (IAEA) safeguards at the relevant facility or installation when it contains any source of special fissionable material (regardless of whether or not it contains such material at the time of export), or where any such obligation is not met.

3. **Safeguarded and unsafeguarded nuclear activities:** Safeguarded and unsafeguarded nuclear fuel cycle activities, including research on or development, design, manufacture, construction, operation or maintenance of any of the following facilities, or components for such facilities for the:
- a. Facilities for the chemical processing of irradiated special nuclear or source material;
  - b. Facilities for the production of heavy water;
  - c. Facilities for the separation of isotopes or source and special nuclear material; or
  - d. Facilities for the fabrication of nuclear reactor fuel containing plutonium.

\*Replicas refers to items produced abroad on physical examination of the item originally exported, matching it in all critical design and performance parameters.

- D. **Embargoes:** Will not be imported or exported to destinations embargoed by the U.S. government (unless de minimis exemptions apply). This list is available from the II-VI Export Control Unit in Saxonburg, PA, U.S.A.
- E. **Denial list:** Product will not be reexported to entities listed on U.S. government denial lists: U.S. Dept. of Commerce Denied Persons List, General Order #3 to EAR Part 736, State Dept. Debarred List, State Dept. Non-Proliferation Sanctions List, and Treasury Dept. Specially Designated Nationals List. This list is available from the II-VI Export Control Unit in Saxonburg, PA
- F. **Entity List / Unverified List:** Product will not be imported or exported for use by the end-users listed on the Entity List, Supplement No. 4, Part 744 of the EAR or the Unverified List ([www.bis.doc.gov](http://www.bis.doc.gov)) without approval from the U.S. Dept. of Commerce or the II-VI Inc. Export Control Unit (ECU). These lists are available from the II-VI ECU in Saxonburg, PA, U.S.A.
- G. **Re-exports:** Written authority will be obtained from the Bureau of Industry and Security prior to re-exporting the items or technology, unless they would be eligible for re-export from the United States to the new country of destination under U.S. export law
- H. **Maritime Nuclear Propulsion Projects:** Products will not be imported or re-exported to be used in the design, development, production, construction, support or maintenance of a maritime nuclear propulsion project; including any machinery, devices, components or equipment specifically developed or designed for use in such plants or facilities.
- I. **Terrorism:** Product will not be imported or exported for use by or for persons who commit, threaten to commit, or support "terrorism". The term "terrorism" means an activity that:
- 1. involves a violent act or an act dangerous to human life, property or infrastructure; and
  - 2. appears to be intended:
    - a) to intimidate or coerce a civilian population
    - b) to influence the policy of a government by intimidation or coercion; or
    - c) to affect the conduct of a government by mass destruction, assassination, kidnapping, or hostage-taking.
- J. Product will not be used, sold, resold, delivered or retransferred, directly or indirectly contrary to U.S. export control regulations.
